DEBUNKING COMMON MYTHS ABOUT PERSONAL INJURY CASES

When you're injured due to someone else's negligence, navigating a personal injury claim can feel overwhelming—especially with so many myths floating around about the process. At our firm, we believe in keeping our clients informed, supported, and confident every step of the way. Let's address some of the most common misconceptions and set the record straight.

Myth #1: If I File a Personal Injury Claim, I'll Have to Go to Court.

The reality is that most personal injury cases settle outside of court. Insurance companies often prefer to negotiate a fair settlement rather than endure the time and expense of a trial. However, if going to court is necessary to get you the compensation you deserve, our firm doesn't shy away from the challenge. We are experienced trial attorneys who will stand by your side, advocating for you every step of the way. Our priority is making the legal process as smooth and stress-free as possible while fighting for the best possible outcome.

Myth #2: I Can File a Lawsuit Anytime. Many people don't realize that personal injury claims come with strict deadlines. In Colorado, the statute of limitations is generally three years for auto accidents and two years for other personal injury claims, such as slip and falls. Waiting too long can mean losing your right to seek compensation entirely. That's why it's crucial to contact an attorney as soon as possible. At our firm, we stay on top of deadlines and guide you through every step, ensuring no important detail is overlooked.

Myth #3: Minor Injuries Aren't Worth Filing a Claim Over. Even seemingly minor injuries can have long-term consequences. Soft tissue damage, concussions, and whiplash may not show immediate symptoms but can lead to chronic pain or costly medical treatments down the road. If you've been injured, it's always worth having an experienced attorney evaluate your case. Our firm prioritizes open communication and honest guidance, helping you understand your rights and options so you can make the best decision for your future.

At VanMeveren Law Group, we are more than just legal representatives—we are your trusted advocates. From start to finish, we keep you informed, answer your questions, and fight tirelessly for the justice and compensation you deserve. If you've been injured, don't let myths hold you back. Reach out today for a free consultation, and let's discuss how we can help!

Notable Case Result

\$380,000.00

Our client was accidentally run over while getting out of the back of his friend's truck. His friend did not realize he was getting out and backed up, knocking him to the ground and running over his left arm. He suffered an open fracture to his arm, which required emergency surgery. He remained in the hospital for one night following his surgery. We succeeded in amicably resolving his claim with the responsible party's insurance company for \$380,000.00

TESTIMONIAL

See what our clients have to say!

"I was injured in an auto accident and felt ignored by the insurance of the other party. I looked for a local law group instead of large group. The personal touch I immediately felt cannot be emphasized enough. Coupled with the obvious professionalism made this difficult experience much less stressful and I could focus on my recovery.

I was in frequent contact via phone with my attorney and staff. Checked on weekly for my health and recovery. It was a complicated medical situation but they pushed through. In the end, my medical bills were covered, my therapy was covered and I received a total of \$75,000 and the attorney fees were very fair and reasonable and upfront. I cannot thank them enough. I would recommend them for those who want personalized service and not be lost in a huge law firm only interested in the money. They deserve the incredible service of this legal team."

ADOPTABLE PET OF THE MONTH

Dudley

VanMeveren Law Group is a proud supporter of Animal Friends Alliance. Learn more about how you can adopt, foster or get involved at savinganimalstoday.org or call the AFA Taft Hill Shelter at (970)-484-8516

Little Dudley is a joyous bundle of love who is ready to steal your heart. He's a little shy at first but once he warms up he's curious, smart, and playful. Dudley loves nothing more than racing around the backyard with his foster dog siblings, playing with his herding ball, chewing on a much loved bone, playing fetch, or winning a game of tug-o-war (either with humans or canine alike!) He thinks cats are cool to look at but not all are friendly and the same goes for chickens! Dudley is working hard on potty training and learning his basic manners. He also loves walks and is doing great with his leash work. When he's settling down for the night, Dudley loves cuddling up on the sofa with his foster canine siblings and dreaming about his future home.
