# JUNE 2025

## SUMMER TRAVEL IS IN FULL SWING, AND SO ARE CRASH RISKS

June kicks off one of the busiest travel seasons of the year, with families hitting the road for vacations, teens driving more often, and construction zones in full force. Unfortunately, that also means a spike in vehicle crashes. Here's what you need to know before heading out this summer:

### **More Drivers = More Danger**

With school out and vacationers on the move, traffic density increases. Combine that with longer drives, unfamiliar roads, and distracted drivers, and the risk of crashes goes up significantly.

### **Most Common Summer Crash Causes:**

- Distracted or drowsy driving
- Inexperienced teen drivers
- Road construction zones
- High-speed rural highway collisions
- Impaired or reckless holiday weekend drivers

### **Tips to Stay Safe:**

- Get your vehicle checked before long trips
- Plan your route and rest stops
- Avoid peak travel times when possible
- Stay off your phone
- Buckle up

### **If You're in a Crash:**

- Document the scene with photos
- Even if you feel fine, get medical care
- Notify your insurance
- Contact an experienced injury attorney to protect your rights

### **We're Here If You Need Us**

If your summer plans are disrupted by an injury, don't face it alone. We're local, we care, and we'll fight for the recovery you deserve.

## **NOTABLE CASE RESULT**

**LAW GROUP**

While stopped at a red light, our client was injured when the car turning in front of him hit another car, which caused his vehicle to spin, and ultimately crashed into the front of our client's vehicle. As a result of the crash, our client suffered tears in the ligaments of his right wrist, which affected his ability to work and for which he needed multiple surgeries. We succeeded in resolving his claim for \$600,000.00.

## **TESTIMONIAL**

*See what our clients have to say!*

"Great Law firm. Communication with Jenn Schossow & Karl Hager was great! They kept in touch weekly and more as needed. Throughout this process, Karl and Jenn always made sure things were going well with us. They were very compassionate. They worked diligently to get us the best outcome on our case. I would recommend 100% to any person who needs an injury based lawyer. Karl is especially knowledgeable on claims with bike vs car accidents."

Hi, I'm Caelum — a young Border Collie mix with a tender heart and a quiet soul. The world can feel big and loud sometimes, and I'm still learning to find my courage in it. I move through life gently, taking comfort in the calm and the kind. I do best in a peaceful, adult-only home where I can bloom at my own pace — with patience, love, and a little extra grace. I'm not the boldest boy, but my heart is deep, and once I trust you, I'll give you all of it. If you're the quiet kind who understands the beauty of soft steps and slow beginnings, stop by to meet me today!
